## 4. Technical specifications

<b>Machine</b>	<b>STYLE MC 750</b>	
<b>Movement</b>		
X-axis movement	mm	760
Y-axis movement	mm	440
Z-axis movement	mm	460
<b>Table</b>		
Table size	mm	900x410
T-slots (DIN 650)	mm	16x100x4
Max. Tableload	kg	350
Workheight table	mm	820
<b>Main spindle</b>		
Main motor power	kW	5.5
Max. Spindle speed	rpm	8.000
Spindle taper		40
Spindel type		BT
Distance spindle nose to table	mm	100-560
Distance spindle nose to column	mm	475
<b>X-, Y- and Z-axis</b>		
Rapid movement X/Y/Z	m/min	24
Feed rate X/Y/Z	m/min	10
Axis guide width X/Y/Z	Mm	Lineair 35
<b>Tool changer</b>		
Automatic tool changer		16/24
Max. weight tools	kg	8
Max. tools length	mm	300
<b>General</b>		
Weight	kg	3300
Machine dimension (LxWxH)	m	2.2/2.1/2.5
Workspace	m	4.2/2.7

## 2. Machine accessories/options

### **Machine will be delivered with:**

- Automatic tool clamp system
- Automatic horizontal toolchanger, 16 pos.
- Full enclosure
- Machine lightning
- Coolant installation
- Automatic lubrication
- Table protective cover (CE)
- Electronic hand wheel

### **Options on the machine:**

- **Automatic vertical tool changer, 24 positions**
- **7.5 kW main motor, 10.000 rpm**
- **Coolant through spindle, 20 bar**
- **Automatic chain type chip conveyor**
- **Stonger coolant pump including coolant gun**
- **4th axis rotary table Ø170 including manual Chuck Ø170 and manual tailstock**
- **Heavier tailstock SCM-ST-170 with manual chuck instead of manual tailstock**
- **Coolant pump switch**
- **Rpm potentiometer**

### 3. STYLE software terms & conditions

<b>Content of STYLE software</b>	<p>The STYLE software on your machine contains:</p> <ul style="list-style-type: none"> <li>- STYLE Software Milling</li> <li>- STYLE Software CNC Edit</li> <li>- STYLE Computer Management</li> <li>- STYLE Service</li> </ul> <p>In the future the STYLE software can be improved in two ways:</p> <ul style="list-style-type: none"> <li>- Software Update: improvements/adjustments in the current version</li> <li>- Software Upgrade: elevation of the version</li> </ul>
<b>STYLE Software Version</b>	<p>The machine is supplied with STYLE software <u>2018 Edition</u>.</p> <p>By purchasing this machine you are entitled to receive one software upgrade.</p>
<b>Profit if you are already using STYLE</b>	<p>You can upgrade your STYLE machine park very beneficial when you are already in the possession of one or multiple STYLE machines.</p> <p>Upgrade 1: when your current machine is up to date and doesn't need any hardware adjustments to perform the upgrade, you pay just €300,- per elevation of the software version instead of €750,-</p> <p>Upgrade 2: when your current machine is not up to date and needs some hardware adjustments to perform the upgrade, our service department will create an invoice per machine.</p>
<b>Version possibilities</b>	<ul style="list-style-type: none"> <li>- STYLE 2008 Edition - v3.40</li> <li>- STYLE 2012 Edition - v4.00</li> <li>- STYLE 2015 Edition - v4.10</li> <li>- STYLE 2016 Edition - v4.20</li> </ul>
<b>Delivering upgrades</b>	<p>The delivery of the software happens by e-mail. By means of an extensive video we show you how to install your software. After installing you need to call the service department for a registration code.</p>
<b>Training</b>	<p>If you want to get training on your current STYLE machines we will use the usual rates.</p>
<b>Implementation</b>	<p>The implementation of the upgrades will happen apart from the (possible) purchase of the machine by our service department.</p>
<b>Software desktop version</b>	<p>When you are already in the possession of a desktop version, you are entitled to the version of which your new machine is supplied with.</p>
