1. Machine specifications STYLE MC 1500

Machine		STYLE MC 1500
Machine		**STYLE MC 1500**
X-axis movement	mm	1500
Y-axis movement	mm	680
Z-axis movement	mm	880
Work table	mm	1700x600
Maximum table load	kg	1000
Height work table	mm	850
Distance spindle nose to table	mm	100-980
Distance spindle nose to z-axis way cover	mm	720
Main spindle		
Main motor power	kW	11
Maximum spindle speed	rpm	10000
Spindle taper		40
Spindle type		BT
X, Y and Z-axis		
Rapid feed X/Y/Z	m/min	24/24/24
Feed rate X/Y/Z	m/min	12/12/12
Guide way type		Linear way
Tool changer		
Vertical automatic tool changer	Pos.	24
General		
Weight	kg	6600
Machine dimensions (without chip conveyor)	m	4.2/2.4/3.2
Floor space	m	6.2/3.7

2. Machine accessories/options

Machine will be delivered with:
- Automatic tool clamp system
- Automatic vertical toolchanger 24 pos.
- Full enclosure
- Machine lightning
- Coolant installation
- Automatic lubrication
- Table protective cover (CE)
- Electronic hand wheel

Options on the machine:
- **High speed vertical automatic tool changer, 30 positions**
- **15 kW main motor**
- **Coolant through spindle, 70 bar**
- **Stronger coolant pump including coolant gun**
- **Connection for 4th axis rotary table**
- **Coolant pump switch**
- **Rpm potentiometer**

3. STYLE software terms & conditions

Content of STYLE software
The STYLE software on your machine contains:
- STYLE Software Milling
- STYLE Software CNC Edit
- STYLE Computer Management
- STYLE Service

In the future the STYLE software can be improved in two ways:
- Software Update: improvements/adjustments in the current version
- Software Upgrade: elevation of the version

STYLE Software Version
The machine is supplied with STYLE software 2018 Edition.
By purchasing this machine you are entitled to receive one software upgrade.

Profit if you are already using STYLE
You can upgrade your STYLE machine park very beneficial when you are already in the possession of one or multiple STYLE machines.

Upgrade 1: when your current machine is up to date and doesn't need any hardware adjustments to perform the upgrade, you pay just €300,- per elevation of the software version instead of €750,-

Upgrade 2: when your current machine is not up to date and needs some hardware adjustments to perform the upgrade, our service department will create an invoice per machine.

Version possibilities
- STYLE 2008 Edition - v3.40
- STYLE 2012 Edition - v4.00
- STYLE 2015 Edition - v4.10
- STYLE 2016 Edition - v4.20

Delivering upgrades
The delivery of the software happens by e-mail. By means of an extensive video we show you how to install your software. After installing you need to call the service department for a registration code.

Training
If you want to get training on your current STYLE machines we will use the usual rates.

Implementation
The implementation of the upgrades will happen apart from the (possible) purchase of the machine by our service department.

Software desktop version
When you are already in the possession of a desktop version, you are entitled to the version of which your new machine is supplied with.
